

EAA CHAPTER 890 OCTOBER 2009 MEETING

The October meeting was called to order by President Mike Atwell. There were 14 members present. The September minutes were read and accepted. The Treasurers report was read and approved.

OLD BUSINESS

On Sept. 26th, many members showed up to help repair the simulator and go over the grill used for cooking. The grill was cleaned and is ready for use on Oct. 31. The simulator has been repaired. We will check with the school and see if they would allow us to use it as a learning tool for county schools. We would have it back to them for their use time.

John Myers Fly-In went very well. There were 36 planes, 4 gyros and 1 Yak flew over. There is a CD of the Fly-In and it was viewed after the meeting in the simulator room.

NEW BUSINESS:

Guy York explained that our CPR training that we had, expired in August. He will contact the Fire Dept. to see if they would do it again. Let Guy know if you are interested.

The Ford Motor Company has a discount available for EAA members who would purchase or lease a Ford Motor Vehicle. Go to the EAA website to get your PIN # to use at purchase.

Bud O'Neal had a mishap with his gyro a few weeks ago. He is fine but the gyro is totaled.

It was noted that when we have Christmas together with the Rome chapter at J. Myers, we will be doing Dirty Santa. Guy York made a motion for each couple to bring one Toy for Tots gift. It was seconded by Dr. Isbell, and passed. Our D.S. gifts will have a red or green sticker on it to distinguish our gifts from Rome's gifts.

Young Eagles Fly-In was rained out this morning so we will use the Rain Date of next Saturday, Oct. 17th, to fly Young Eagles. We need pilots and ground crew. Please help! One of the log books for Young Eagles was passed around. It is a replica of a real logbook. Sully and his 1st Mate, Jeff, are now spokesmen for Young Eagles.

Barry Wigley asked if anyone has dealt with www.cornerstone.com, www.donateyourplane.com, or www.buildaplane.com. If so, he would like some comments on them.

Contact Rodney Graham for information regarding a Luscomb that is for sale.

Charles Jones said he has the left wing flying, but uses the right one for a brake. LOL.

Ray Iaconis flew cross country.

Ron Prater is doing well. He has finished Chemo and starting radiation.

Pat Shippey is home.

Wayne Stargill is having health problems. Keep our members in your prayers.

Respectfully submitted,
Wilma Playford, Secretary
