

HP-11 High Performance Sailplane FOR SALE:

Designed by Richard Schreder. 12 hrs TT, all aluminum, 52' wingspan, built in the mid 70's. Fixed landing gear. Comes with a new RICO variometer, unused parachute, new canopy (not installed) and a dry, fully enclosed trailer with custom fittings to hold all the components and new tires. Instrument panel stored indoors. Wings need to be filled and painted because filler is peeling and canopy needs to be installed. In very good condition over-all. Had one minor accident that damaged a flap (repaired). Ample builders documentation and plans are included. Reasonably priced.

For more information or to see the plane contact: Scott Bixler buttercupairplane@yahoo.com or call (256) 638-4103 (ask for Scott) – please e-mail if possible.

I'm selling this for a friend, so if I can't answer a question, I will find out then get back to you. Pictures taken before the plane was painted yellow. Currently stored in its trailer.
